

# STUDENT VOTER REGISTRATION

## 2020 Style - Social Distancing

If you will be 18 before  
**November 3 - Election Day**  
**REGISTER NOW!**

## GOOD NEWS - Two Ways to Register

- **ONLINE**, if it's at least 14 days before an election *and if you have a driver's license or state ID*. Go to [Michigan.gov/vote](https://Michigan.gov/vote) and follow the links to [Michigan Online Voter Registration](#).
- **IN PERSON**, visit your City Clerk or Michigan Secretary of State office. Check online for locations, special hours, ID requirements, and same day registration.

### What else should I know?

[Michigan.gov/vote](https://Michigan.gov/vote) has all the information you need for absentee voting, change of address, verifying registration, ballots, and dates.

[Vote411.org](https://Vote411.org) has candidate information at all levels: local, state and national, provided by the candidates themselves to LWV.

### Does voting matter?

Two-thirds of 18-24 year-olds are registered to vote, but only 1/3 to 1/2 of this age group voted in recent elections. That's a lot of underrepresented beliefs and opinions. *All other age groups vote more.*

Be represented – register today!  
**YOUR VOTE DOES COUNT!**
